

Job Opening: Outpatient Clinical Supervisor

HopeSpoke is seeking an Outpatient Clinical Supervisor to provide clinical supervision to one of our Outpatient clinical teams of therapists. Requirements include: ability to motivate, develop, and support clinical staff while assisting them to meet performance expectations and outcome goals, strong knowledge of ethical, professional, and licensure guidelines, ability to assess clinical competency and complete performance evaluations, and establish and oversee performance improvement plans when needed, interest in attending meetings and trainings that support the supervisory and leadership teams and overall goals of HopeSpoke.

The candidate should have a strong work ethic, excellent clinical skills, experience working with trauma, positive attitude, high level of motivation, experience and familiarity with providing telehealth services, and the ability to work with both the HopeSpoke team and community partners.

Experience in a clinical supervisory context or role preferred. Some evening hours and ability to respond on-call during regular business hours if a crisis occurs expected. This position will also involve providing outpatient therapy services including individual therapy across the lifespan, as well as family therapy to children and families. LMHP required/LIMHP preferred.
