

Job Opening: Extended Day Treatment Program Part-Time Licensed Psychologist

HopeSpoke is seeking a fully licensed Psychologist to provide part time Supervising Practitioner services to children and families in the Extended Day Treatment Program (EDTP).

This is an opportunity to be part of a dynamic, skilled, and dedicated team of professionals and to impact the lives of families within our community. The services needed include completion of Initial Diagnostic Interviews, monthly supervisions with clients and oversight for a clinical team consisting of fully licensed therapists, a case manager and a registered nurse.

Duties can be completed in approximately 8 hours a week, but this is flexible. EDTP is the only program of its kind in our community for elementary age children, following a trauma and attachment centered treatment approach.

HopeSpoke has been the largest provider of children's mental health services in Lincoln since 1949. To apply for this position or to request additional information, please send a resume to the following address:

HopeSpoke
